

We Hear You

Thank you for your participation!

Several citizens have already provided comments via the project website: www.105corridor.com

Primary themes from website comments are:

- Need for safety improvements including:
 - Turn lanes
 - Signals
 - Improvements to address blind spots (or clear zones)
 - Section widening to allow for safe passing
- Speed limit
- Project limits (study segment too short/too long)
- Truck traffic
- Desire for bike/pedestrian lane

Please keep your comments coming, you can comment tonight on comment sheets or anytime at the project website: www.105corridor.com.
